THE FASHION CHARTS

IN AT NO.1

1 BANANA REPUBLIC

<< It might be baking hot, but you'll treasure this coat when the weather turns. Purple is trans-seasonal, brightening up a less-than-gorgeous summer day and it's hot for autumn, too. £125 (020 7758 3550).

New-season prints, the boots we predict will be causing riots on the high street and the treggings that sold over 2,000 pairs in Australia... so, what will you be buying?
