Model **Abbey Clancy** dresses up her Hervé with a Cavalli ring

Alicia Keys reigns in purple – with a matching jumbo ring

Pearly princess **Coleen** shows off some serious finger furniture

Gossip Girl's **Jessica Szohr** favours flying-saucer style

MISS SELFRIDGE MARY JANES

The perfect shape and not too pricey, but hurry – they're selling like hot cakes!

MINCE PIES

Yes! We've already started raiding M&S for our favourite afternoon snack – great warmed up in the microwave with a cuppa

FRENCH CONNECTION

Just popped in and we want practically everything on offer! Especially the party dresses

HOT LIPS

We're totally committed to red lipstick again this winter. Well, if it's good enough for Heidi Klum...

BAROMETER

VELOUR

Bleugh! Nicola McLean makes us question how we ever thought top-to-toe velour was acceptable

GLOVE SHOVE

We love gloves and we love jumbo rings, but they're just not compatible. Should we stretch our fave leather gloves to oblivion, have cold fingers, or remove rings and risk losing them in our Bermuda Triangle handbag?

FRIDAY NIGHTS

We miss Jonathan Ross! Now we're forced to go to the pub and plummet even faster towards economic doom

SAUSAGE FRINGES

Sorry, Christina, we're not really digging that savey on your forehead

You like it, we'll find it! E-mail us at: findit@heatmag.com

DIANA'S DRESS

Like you, I'm loving Diana Vickers' style. What I really want to know is: where is her black and pink dip-dye dress from?

SARA, DORSET
This dress with chiffon sleeves is by Religion and costs £60
