We love... Accessories

"This month, I've been inspired by glamorous accessories. These ivory umbrellas (above) are a fabulous way to remain looking chic (and dry!) despite the unpredictable (and dry!) despite the unpredictable autumnal weather. Or to add a dramatic twist, try switching your bridal accessories to the black swarovski handbag and necklace (right) for your reception. Your striking monochrome entrance will ensure that all eyes are on you! Ensure you are in at the moment, and I love this chiffon rose (below left). Adding one to your bridesmaids' dresses is a simple way to include them in the glamour of your day."

Reception Ideas

12 A beautifully illustrated table centre-card by www.your-wedding.co.uk to welcome your guests to their table. The floral picture is almost as delightful as the real thing.

13 Collect shells for a pretty, organic table decoration — especially good if you are planning a seaside wedding!

14 You'd be crackers not to include these pretty minis on your table. They have a slick metallic finish and a stylized floral motif (£5.49 for a pack of 8 from www.thelastdetail.co.uk).

15 Consider hiring pot plants to decorate your venue, then there will be no waste. Flowering shrubs, exotic greenery or unusual topiary will cause a stir. Try www.wrap.co.uk, who specialise in artificial plants, or www.topiaryshop.co.uk

16 This stunning, pearl, multi-strand choker has a flower at its centre and is a subtle way to complete the natural, floral theme to your day! (NBS, £43, www.halagon.co.uk)

17 Extend the natural theme to your menu cards with this simple yet stunning design, topped off with a wire flower on ribbon (menu card, £2.50, place card 50p from www.purpdedaisycards.co.uk).

18 At first glance, this homely, multi-strand choker has a flower at its centre and is a subtle way to complete the natural, floral theme to your day! (NBS, £43, www.halagon.co.uk)
